To position Mauritius as the leading investment platform, the Board of Investment is committed to satisfy and delight our customers.

We are dedicated to attract quality investments aligned to the country's inclusive and sustainable growth objectives, and in line with our strategic direction.

We shall achieve this commitment by:

- Acting as a catalyst for public-private dialogue to foster private investment;*
- advising Government on investment policies;*
- leading investment promotion campaigns and country image building; and*
- engaging and empowering our human capital because people matter.*

To fully realise this commitment, we have set up an ISO 9001:2015 compliant quality management system which we will use to monitor our performance and as an improvement tool. We shall strive to continually comply with the requirements of this international standard, and improve the effectiveness of our quality management system.
